Tribal Data Needs Discussion

Tribes have a lack of data to build their commuity and business plans for technology development. This disucssion will build on past ATNI progress in tribal technology to build on the current outreach work of FirstNet. What are the survey quesions for a web based survey? What is WSU role in collecting, storing, and managing a Statewide Tribal technology data base? What privacy rules need to be included and standards for sharing information? Other?

3pm   Meeting Updates, Summary & Action Steps

Free Parking, good coffee, hosted lunch on site, Bring your laptop -- internet available!

Please RSVP - Lunch headcount to:
Andrea Alexander, 425-501-0042 cell or Aalexander795@gmail.com
